

My favorite animal

I have a cute cat. I fed it from when it was young. Her name is Misa. Misa has a yellow coat with a short chase. She has a black-eyed which can glow in the dark. She has a tiny nose with a pair of small ears. She is not fat but She looks very cute with tiny body. She is really so cute in my eyes. She likes playing with colors wool rolls. Especially, she likes to lie in my arms. She always says meow. Probably, it shows that Misa is happy for that. I like stroke her soft coat. She makes me feel happy. I think I'm lucky enough to have Misa.
